

NOTICE INVITING APPLICATIONS FOR FACILITY UTILIZATION

Dt: 27/05/2026

Meat Products of India Ltd. (MPI), a Government of Kerala Undertaking, invites formal applications from commercial firms, food entrepreneurs, and individuals who want to manufacture their products at our factory. Under this arrangement, applicants will provide their own raw materials, and MPI will handle the entire manufacturing, blast-freezing, and storage process at our state-of-the-art **Value-Added Processed Meat Production Plant at Yeroor (Kollam Dist., Kerala, Pin: 691312)** on a fixed processing-fee basis.

Plant Infrastructure & Technical Capacities:

Our facility is equipped with premium industrial machinery and extensive cold chain infrastructure capable of handling high-volume commercial production:

- **Production Capacity:** 2 Metric Tons (2 MT) of value-added meat products per shift.
- **Raw Material Storage:** Deep freeze storage facility with a capacity of 25 MT for frozen raw materials.
- **Chiller Facility:** 2 MT capacity specialized chiller for the storage of fresh vegetables and ingredients.
- **Blast Freezing (IQF):** Advanced Spiral Freezer (Individual Quick Freezing) with a processing capacity of 250 kg per hour for finished products.
- **Finished Goods Storage:** Large-scale frozen storage facility with a total capacity of 50 MT for finished products.

Facility Capabilities & Product Spectrum

The automated production lines are optimal for manufacturing a diverse range of premium products, including:

- **Breaded & Battered Products:** Cutlets, Nuggets, Fingers, Burger Patties, Breaded Pops, etc.

- **Emulsified & Formed Products:** Sausages, Kebabs, etc.
- **Ethnic Snacks & Pastry Products:** Samosas, Spring Rolls, etc.

Key Operational & Commercial Terms:

- **Raw Material Responsibility:** The applicant shall be entirely responsible for procuring and supplying 100% of the raw materials required for their production run, strictly adhering to MPI's quality standards.
- **Fixed Processing Fee Model:** Processing services will be charged on a standardized **per kilogram (per kg) basis**. Fixed, non-negotiable processing charges have been established for each distinct product category and will be uniformly applicable to all selected parties.
- **Minimum Production Volume:** To ensure operational efficiency, MPI will mandate a **minimum daily production quantity** per batch/run. The specific minimum volume thresholds for individual products can be obtained from the plant management.
- **Quality Assurance:** All manufacturing processes will be executed within MPI's facility under strict adherence to government food safety standards and quality control protocols.

How to Apply:

Interested parties who wish to leverage MPI's premium infrastructure to scale their production are requested to contact the plant management to obtain the schedule of product-wise processing charges, facility availability, application procedures and for further queries

- **Official Contact Email:** mpiveroor@gmail.com, Mob No. +91 9400709181
- **Location:** MPI Value-Added Processed Meat Production Plant, Yeroor, Kollam Dist., Kerala. Pin: 691312

The Company reserves the right to limit the number of selected parties to the extent of achieving optimum plant capacity utilization.
